

Personal Development Plan

During the minor 'Be Creative' you, as a student, will be assessed on your personal growth during the minor. You will decide on which aspects you want to focus your development by defining your personal learning goals. You will define those goals in your Personal Development Plan (PDP) under supervision of your tutor.

Evaluation of personal wellbeing

What is your evaluation of your personal wellbeing in and outside of school for the past year?

Had my ups and downs during the past couple months. But have been feeling better and better last couple of weeks.

Achievements

Please list your three main achievements over the period since your last evaluation. Start with the achievement that was the most impactful for you.

This is the first evaluation

Feedback

Please summarize the most valuable feedback from your classmates about the period since your last evaluation. You could ask your current classmates the following three questions: What would be helpful for me to continue/start/stop doing?

*Keep being enthusiastic about learning new stuff and the project.
Give better feedback.*

Personal analysis

How would you summarize your performance so far in personal strengths and weaknesses?

How can these personal strengths and weaknesses lead to opportunities and threats to bring out the best of you?

Strengths (+)	Weaknesses (-)
<i>List what you're good at, your qualities and competences</i> <ul style="list-style-type: none">- Punctual- Creativity/design	<i>List improvements you want to make. Any qualities or competences you lack or want to develop</i> <ul style="list-style-type: none">- Bad focus- Energy dips

Opportunities (+)	Threats (-)
<i>List opportunities in your environment and how your strengths and weaknesses affect you in achieving them</i> <ul style="list-style-type: none">- Developing something nice, instead of something that's only a prototype- Using my creativity in an engineering project- Improve programming skills	<i>List threats in your environment and how known strengths and weaknesses can affect these threats.</i> <ul style="list-style-type: none">- Losing track of what i'm doing- Not managing my time and energy in the right way

Learning Goals

Define two soft goals and two hard goals that you want to focus on during the minor. Write SMART-learning goals. Each student will choose a minimum of four personal goals.

Soft goals	Hard goals
<i>Improve planning skills</i>	<i>Learning more about electronical engineering</i>
<i>Improve managing my time and energy</i>	<i>Learning more about programming and being consistence with code (not googling everything every 3 seconds)</i>
