

## Week blog

*This document will be used as a template for the weekly blog of the Be Creative minor. Every student of the project group should keep up to date with this weekly blog. This blog will be used to keep track of the progress of the individual student and as a guide for the feedback session on the end of the minor.*

Name student: *Busse Lommers*  
Student number: *4207807*  
Date: *27/2/2023*  
Week: *02*

## Activities

*During the week before the vacation and in the vacation I have put my focus on getting to know LaTeX. We are going to use this program to make our paper. I have researched how the basic stuff works and I have created a basic file layout to use for the Plan of Approach.*

## Progress

*I have made files to use for the chapters of the PoA paper so that it won't all be one big file. It is now sorted into multiple files so it's easier to find certain stuff. I also taught myself the basics of LaTeX.*

## Appendix

*Here you can add images and or references to work u have done during the week. This will provide proof of the work that has been done this week. Think for example about measurement u did in a lab.*
